

AdventHealth DeLand

Fast Facts 2020

CARING FOR OUR COMMUNITY

AdventHealth DeLand has 164 beds and is one of the six hospitals in Flagler, Lake and Volusia counties that compose the AdventHealth Central Florida Division — North Region. Formerly known as Florida Hospital DeLand, the organization's parent company changed the name of all wholly-owned entities to AdventHealth on January 2, 2019.

Based in Altamonte Springs, AdventHealth is a connected system of care. With more than 80,000 team members, AdventHealth is one of the nation's largest faith-based health care systems with nearly 50 hospitals and hundreds of care sites in nearly a dozen states. With the mission of Extending the Healing Ministry of Christ, AdventHealth DeLand provides whole person care to heal the body, mind and spirit.

HISTORY

- In 1959, with five acres of land donated by the Scarlett Family and an additional five acres purchased, the West Volusia Hospital Authority constructed a 60-bed hospital that opened its doors in March of 1962.
- In 1968, bed capacity increased to 103 beds.
- The hospital's expansion continued throughout the 70's and 80's and the hospital was acquired by Adventist Health System in October 2000 and named Florida Hospital DeLand.
- In January 2019, Florida Hospital DeLand was renamed AdventHealth DeLand.
